## SUMMARY OF QUALIFICATIONS

### Front-End Developer

- **A creative front-end developer** who loves building and developing web apps. I took some programming courses and built some responsive web applications using React and JavaScript.
- **I am highly motivated for problem solving**, and passionate to be a member of a team in order to create new solutions. I would like to join your company and help the company to grow as it will make me grow, learn new things and gain more experience.

## SKILLS

- React.js
- JavaScript (ES6+)
- TypeScript
- Rest APIs
- Git & GitHub & GitHub Pages
- CSS3 (SCSS)
- HTML5
- WordPress
